PROFILE

Hey There! I'm **Harrison Cross**, an enthusiastic and outgoing person looking for **Casual** or **Part-time** work, around **30+** hours a week. I've got a broad range of skills that I can bring to any role, and I'm always keen to learn something new. I'd love the chance to be part of your team and i can't wait to hear back from you!

Work Experience

Cross & Sons Carpentry - Handy Man 2015 - 2021

I worked in my family's construction business, collaborating with my father, an experienced builder with over 50 years in the field, and my brothers as a Handyman/Trade Assistant. I specialized in renovating houses & apartments, handling tasks like installing insulation, tiles, and floorboards, assembling door jambs, and veranda construction. I also took on responsibilities such as removing concrete floors and refinishing old windows through sanding and painting. This hands-on experience has given me a versatile skill set in construction and renovation, ensuring precise and dedicated project execution.

Harrison Cross Designs - Website Developer 2021 - 2024

I built a variety of custom websites for clients using platforms like WordPress, Shopify, and even custom coding. I focused on creating professional and user-friendly websites, making sure they meet or exceed client expectations. Whether using popular tools or custom programming, my goal is to deliver visually appealing and reliable websites that everyone can easily navigate and enjoy.

Premier Proline - Store Person & Welder 2022 - 2023

I excelled as a Store Person, handling MYOB invoicing, goods dispatch, metal cutting, and plate manufacturing. I fabricated and repaired crane parts using detailed drawings, ensuring precision and reliability. I organized incoming goods, inspected shipments, and resolved discrepancies. I also led boundary report production and improved operational efficiency and inventory management. My precision and dedication made me a valuable team asset.

Scrooz Fastners - Pick & Packer 2024

In my role at Scrooz Fasteners, I focus on checking which items need to be delivered and ensuring they are sent out efficiently. I handle the packing and labeling of each item, ensuring they are correctly prepared for shipment. I also weigh the packages to meet shipping standards. Once everything is ready, I send the packages out for delivery. My role is essential in making sure that orders are processed smoothly and reach our customers on time.

**Coles - Team Member
2024 - Current**

As a casual team member in the Dairy and Meat departments at Coles, I play a vital role in ensuring the smooth operation of both sections. My responsibilities encompass retrieving stock from refrigeration units, transferring items from pallets to roll cages, and systematically organizing products in their designated areas. In this dynamic and fast-paced environment, I prioritize safety by adhering to established protocols, maintaining a clutter-free workspace, and implementing proper stock rotation to minimize waste and preserve product freshness. My duties also include conducting markdowns, performing gap scans, and executing stock counts to maintain accurate inventory levels. In the Meat department, I assist in sustaining stock levels and ensuring appealing product presentation. I take pride in upholding cleanliness standards by collecting recyclable waste and keeping shelves well-stocked, thereby enhancing the overall shopping experience for customers. Occasionally, I assume leadership responsibilities within the Dairy team, coordinating daily tasks, overseeing stock replenishment by monitoring inventory levels and initiating timely restocking, and ensuring that the team meets its performance targets. This role requires effective communication, strategic planning, and the ability to motivate team members to achieve operational excellence.

EDUCATION

***Certificate II in Retail Services
2020***

Completed the Certificate II in Retail Services, which provided a comprehensive understanding of various retail roles and the dynamics of the retail environment. Gained practical skills in customer service, including effective communication and problem-solving techniques. Developed expertise in managing store operations, from merchandising and stock control to maintaining an organized store layout. The training emphasized the importance of delivering exceptional customer service and applying sales strategies to enhance the customer experience and drive store success.
